Dear Friends,

The wonderful comments and emails from around the globe continue to come in - and I am thrilled to read them all! And remember, every question is being stored, and will be answered in a coming "Witchcraft Q&A With Rose Ariadne".

And I absolutely love hearing from people that are either looking to use the hidden energies of the universe (in the form of Magick) to change their lives... or people who are already practicing, but always want to learn more.

Before I jump into the newsletter I have something exciting for you...

Let Me Give You Part Of A Rose Ariadne Interview On Love And Money Magick!

In anticipation for the release of my Box of Magick Miracles (and my book), I have done a lot of interviews. I have had to answer a lot of tough questions about Witchcraft, how it works, and even some about controversial spells, etc...

Since I fielded some questions about Love and Money Magick, I'd like to give the interview clip to you right now – because my answers go along with the theme of this newsletter!

All you have to do is [click here](#) to download the interview now... And if you don't want to download it, you can [click here](#) to listen to it right off of this special blog page... oh, one more thing, **remember to download the [interview quiz](#) by [clicking here](#)!**

I hope you enjoy it, and there is much more to come where I actually get in to some even tougher questions (some even focused on darker things in Magick - you may be very surprised what I say regarding these darker areas in future interviews).

Now, on with the newsletter...

Before I talk about Love Magick and Money Magick (2 subjects that so many people have had questions on...hmmm, I wonder why? 😊) - I wanted to share just a few more of the nice emails I've been getting from people like you (I hope you don't mind)... as a matter of fact, I think I will include 3 new emails in each of these newsletters – I like to share the emails I am getting with all of you!

Do you know what most people who email me have in common? (hint, this leads right into the subject of this newsletter...)

You guessed it, there are **a lot** of people who are “chomping at the bit” to use Magick to bring Love and Money into their lives.

When you think about it – it kinda makes sense. Most people would love to have enough money so that they can enjoy their lives without having to work at a job they can't stand...

And most people would “love” to have more **LOVE** in their lives in one way or another. Whether it's the love and affection of new (and close) friends – or whether it is meeting

that special person that sweeps you off your feet... and you both live happily ever after. True love is something good indeed!

First, I'll handle the "Love Magick" topic...

I have gotten so many emails asking about Love Magick – and what is possible – and if I have any Love Spells to give them. Instead of answering the hundreds of questions I have received, I am going to let you in on a couple of things – and then give you a “sneak preview” of something I’ve been brewing up just for you.

First, Love Spells **do work** – and they work very, **VERY** well – if you let them. (I explain that in a moment) As one of my friends puts it – *“you never know who is going to show up when you burn a red candle for love, be careful what you ask for – you just might get it faster than you expected!”*

But, I want you to remember something. With all spells that can be used for personal gain, there are some guidelines you must follow to avoid falling into a big mess that you never intended.

With Love Magick it is extremely important *not to affect anyone's **Free Will!*** The results can be disastrous. For example, if there is somebody you have a big crush on, and you cast a spell to get them to like you – there can be some dire consequences to this.

Sure, the Magick energy created by the spell will influence the way they look at you – you may even begin dating them. But it may not be because you were meant to be together.

Well, *“so what?”* you may be asking.

A few weeks, months, or years down the road – the fact that you weren't meant for each other, and were brought together because of your Love Spell – the relationship can go BAD without notice...and I mean really BAD...

The person may become frustrated with you, maybe even violent. And they may not even realize why! You see, fate may have had a different plan for them, and now they are in a situation they were never meant to be in – and **their inner energies are actually rebelling.**

I know, it can be tempting to cast a Love Spell to bring a specific person to you, but **it is much better (and safer) to cast Love Spells to open doors of love in your life, bringing someone that has certain qualities that you desire.**

Using Love Magick Hand-In-Hand With Fate Can Bring You Wonderful Results...

You'll find, that when you cast these type of love spells – you are actually working hand in hand with fate – and *you will be rewarded with someone far better (for you) than anyone else.* (and who knows, maybe someone you have had your eye on IS meant for you, and the Love Spell – not cast specifically at them – will bring them to you anyway!)

Because of all of the questions I received about Love Magick, I have nearly gone "overboard" in putting together some very detailed step-by-step guides for using Magick to bring Love into your life. (for those of you who are interested)

In both my book, and my "soon to be released" Magick Miracles In-A-Box (secret surprise #1, and secret surprise #2), I reveal all of the secrets of Love Magick handed down to me by my Grandmother.

You won't be able to find this information anywhere else – and it's as if I literally "take you by the hand" and show you how to use Love Magick **ethically** to open doors for Romance and Friendship...

I know some of you aren't interested in Love Magick at all (maybe you are already married, or just don't like the topic because it can be so controversial) – don't worry, I am busily putting together other areas of the Craft for you too. ;)

“Letting Spells Go” (So That Your Magick Will Work)

I mentioned that Love Magick works amazingly well, **if you let it...** and I promised I'd let you know what I meant later – and I almost forgot!

Anyway, too many people casting Love Spells (or other spells for that matter) – obsess about the spell after they cast it. They continue to wonder if it's going to work, who they are going to meet, when it's going to happen, etc...

In fact, I've seen many people that think about it all day long. This is not good! Here's why:

When you cast any spell, you are releasing Magick energies from within you, that are sent out into the universe to accomplish what you set out to do (i.e. to speed up "fate" and bring romance - or friendship - into your life)...

And if you continue to use energy thinking about it, and obsessing about it – you are actually weakening the spell, because you never let all of your energy release into the spell when you cast it! And that is why many people continually are disappointed by

spells they cast...you've got to cast it, and let it go. And don't think about it again. You will be very surprised by what you find...

Now, for another very popular topic...

“Can Money Spells Make You Rich?”

This is another question I saw over and over... there are many people out there hurting when it comes to money – some are even desperate...

They are turning to Magick to solve their problems – and yes, Money Magick can bring wealth and success into your life (and again...if you let it).

There were so many questions about Money Magick, that I felt compelled to include sections on Beginner Money Magick, all the way up to an advanced section. All of my material comes from information I was taught – or some information I accidentally found in my Grandmother's attic after her passing.

I have used much of it myself – and I have never seen anything like it before... I even had some demonstrations filmed to be sure you can follow along with the spells and other information on Money Magick.

“Yes”, Money Magick can make you "rich" – but that doesn't mean it **will!**

The truth is, if you are struggling with money, and are in desperate circumstances – casting Money Spells can bring you out of desperation – bringing a certain amount of wealth and success into your life (or at least give you amazing opportunities to easily pull yourself out of the hole).

Even if you aren't desperate, doing Money Magick can help get you where you want to be financially – it can even bring you a specific amount if you ask.

In fact, I have an example for you. My friend Tatiana (she actually talks about this in one of the interviews in my Magick Miracles In-A-Box that will be released soon) had a situation where she couldn't pay one of her bills – and she didn't have a much income at the time.

She cast a very quick and simple money spell one evening (it actually only took her a few minutes) – and she got a check in the mail 2 days later for a total of \$78! It was apparently a correction for a small inheritance she had gotten a few years back.

And here is the really amazing part...

\$78 was the exact total of the only bill she wasn't able to pay – her electrical bill!

Ok, ok, so \$78 is not going to make her rich. But keep in mind, she only took a few minutes to cast a very simple Money Spell – and it basically took away her biggest money worry.

If you spend time with Money Magick, *it **can** change your life*. And I detail exactly “how” you can do this in both my book, and my Magick Miracles In-A-Box!

Casting Money Magick that works requires that you are **doing it for the right reasons**, you **believe that it is going to work**, and that you “**let it go**” after you **cast it**. Allow it to happen, and your desires will come into your life in ways you never imagined...

Next issue, I am going to tell you about a very special movie I just watched, and why it highlights one of the basic “keys” of doing Magick that works. I'll also cover some more material that will be covered in my soon to be released materials.

Until next time...

Brightest Blessings,

Rose Ariadne
