

## A Q&A With Rose Ariadne #1 Of Money, Love, And Wind

[Rose Ariadne's Blog](http://www.rose-ariadne.com)

Dear Friends,

Sometimes things just don't go as smoothly as planned (both in life, and in Magick)...

I know I promised that my book would be ready for you this week (and that my life's work would finally be complete) – **but sometimes things come up that we just can't control.** (but I can “control” giving you more goodies, which I have below....just keep on reading)

*Sometimes life just “happens”.*

Something up in the cosmos decided that the final piece of my life's work (the most important piece) would be delayed through the weekend. And it's something I honestly cannot control...

And because this important piece is delayed, it also effects the book (yes, my life's work, and my book are intertwined).

**I hope nobody is too disappointed, but I want everything to be perfect...** it's taken a long time, and I've come to far to let my knowledge get out “half finished”.

**So, because of this slight delay, I have decided to do the first “Q&A With Rose Ariadne Newsletter”!** You thought I had forgotten about all of the questions I have been receiving didn't you?

Nope – *I've collected each and every question from all of you*, and I am going to “take on” and answer the first 3 of them right now! (I was going to answer more of them, but my answers for these are so LONG – I apologize – because they are very important issues, and I want to make sure everyone understands)

This is the first time I have done a newsletter this way, so make sure to let me know what you like, and don't like so I can make it better...

Here are the questions, with my answers below...

**Enjoy!**

**QUESTION #1:**

This first question is from Jeff....

***“Is there a money spell that can bring money immediately, as soon as the spell is cast?”***

Hello Jeff, that is a great question. I believe that every Witch has had that one on her/his mind at one time or another.

The answer is not straightforward, and it really does depend (on a lot of things). I'll do my best to keep it simple...

Money Magick can be very tricky. Anytime someone does a spell to bring them something – you must be very careful. The spell may be coming from a place of greed, and you have to make sure to keep negative emotions and energy out of the spell. (this could ruin the spell completely)

That being said, there is good news and bad news related to your question, Jeff.

**The good news is** – yes, Magick *can* bring “money” into your life almost immediately (some form of money or wealth, it may not be dollar bills...). As a matter of fact, I have specific examples of that in my life's work, but they are too long to go into here.

Not only can the money come into your life quickly, but it can also be a very specific amount depending on your needs, emotional state, and intent when you cast the spell.

**Now for the bad news...** (and it's not really bad, it just may not be exactly what you want to hear). The money probably will NOT come into your life immediately... and it may not come in the way that you think...

You see, Jeff, the desire you have when you cast any spell is only 1 of the many different energies that are released into the spell at the time of the casting. Your belief, emotion, your subconscious mind, as well as a little judgment by the divine as to what will happen after you cast the spell.

Usually what will happen if you cast the spell with the proper amount of belief and emotion behind your desire – is that the “money” will be sent into your life when you least expect it, and at your most urgent time of need.

**As I’ve mentioned before, one of the most important things is to “let the spell go”** right after you have set your Magick energy loose. Forget you even cast the spell, let the Magick work to it’s fullest by completely releasing it from your mind...

Don’t wonder when it’s going to happen... or how it’s going to happen... just know that it will, and don’t think about it anymore. Just go on with your life the best you can.

**One morning, you will open your eyes, and it will dawn on you... the spell worked!** And you hadn’t even realized it until that moment... you actually *GOT* the money that you needed – the money that you desired. But it may not have been in the way you expected...

Just make sure your Magick doesn’t come out of a place of greed – it probably won’t do you a whole lot of good to cast a spell to make a million dollars appear out of nowhere. The spell would not be coming out of the right “emotional compartment” in your subconscious to be very effective.

Hope that helps Jeff...

## **QUESTION #2**

***“Rose can you help me.***

***I just started getting into black magic and that stuff... do you have a really great love spell... which can bring my ex-boyfriend back to me? He doesn't want me back, he's really stubborn. He doesn't have a girlfriend now... and he hasn't had one since I left him. That was almost 3 years ago. I don't know what's wrong with him... Sometimes he's so depressed... but he doesn't want a girl or even me to calm him down... how can I make it so he falls in love with me? I really love him.” - Anonymous***

Hello Anonymous! ;)

First let me say that I am not a person who ever tells anyone what to do – I can only give you advice based on my system of beliefs – and what I deem right and wrong.

*Let me touch on a little morality issue here before I give you a little age old advice.*

As many of us know, one of the first laws or rules in most of the Witchcraft paths (and nearly all nature based Magick belief systems) is... **“An it harm none”**. Basically, the idea is – no matter what you do with your Magick (or in life in general), *never do harm to another...*

And as if that wasn't enough to deter people from doing harm, the powers that be devised a little thing called “karma”... it's kind of like a law in physics that I learned so long ago in high school...

*“For every action there is an equal and opposite reaction”.*

So, if I put my hands on a wall and push, the same amount of pressure I put on the wall, is put on my hand.

**It's the same with Magick.** If do a ritual, or cast a spell, to bring something good into someone's life (coming from a place of love in my heart), the energy I send out to perform the miracle (whether it is good luck for my mom, or a healing for my sister, etc...) will also come back to me. It won't necessarily be the same type of energy, usually you will just notice that really good things start happening to you... and the more good you do, the more little miracles start “popping up” in your life.

And if the energy you send out is negative in any way (which is where I think your question is leading... more on that in a second) – this energy will “bounce back” to you, and you will notice bad luck will begin to find you.

You see, **our wonderful universe has a way of keeping things in balance...**both in the physical world, and in the world of Magick.

Sorry I got off on that tangent... now that I've laid the groundwork, I can answer your question – or at least give you some advice.

**If you cast a love spell on your boyfriend, you will be affecting his “free will” to do as he chooses in life.** The Magick will influence his “decision” to fall in love with you, or move on.

As a human being, the free will to do as we choose is one of the most sacred things we have in life. And by casting a love spell on a *specific person* you are taking something sacred away from them. Their freedom of choice. And this is a very negative Magickal action.

***And that means, you will suffer negative karma coming right back to you, in ways you never expected.***

Do love spells cast on specific people work? Oh yes they do (I have seen it many times as a young Witch growing up) – but the karma that has always come back to the person has been almost unbearable to watch.

**If I were you, I would NEVER cast a love spell on a specific person.** If you do this, and your boyfriend falls in love with you... the karma is going to come at you full force. Here are the possibilities (and what I have seen happen...)

Things may be great for a week or two, but his spirit will grow restless...**he will begin to get irritable and frustrated, and he won't know why.** As time goes on, he may even get verbally (or eventually) physically abusive towards you.

I'm not saying that he will do these things, but I have seen it happen before when specific person love Magick is involved.

*Your life will be turned upside down, Anonymous...* and I hope you don't think that you can "handle" anything that karma throws back at you. You have no idea how it will negatively effect your life. **The law of Karma will make SURE that the "prize" is not worth the negativity that floods into your life.**

**Here's what I would do instead...**

**Go through my 7 day mini course** (it's a 2 second free sign up on the blog) and find your place of peace. Find your sacred space, and go through the exercises.

Look inside of yourself at what you really need in life right now. Cast a self love spell (I love self love spells, and guarantee you will feel wonderful!). If you still feel you want love in your life, then you can cast a general love spell – not on your boyfriend specifically – but in a general way. As you are casting, think about the qualities you want in the person you eventually fall in love with... not a specific name, not a specific person...

And release the energies of the spell into the cosmos with the goal of *opening the doors of true love in your life.* Then, true love will find you, Anonymous. I have no doubt...

And who knows, it may be that the universe intends for your boyfriend and you to be together forever... but you didn't effect his "free will" with Magick.

**But my guess is, the Magick will bring someone very special into your life when you least expect it – and he'll be everything you ever dreamed of...** and your boyfriend will move on in his life, and find happiness, and get over his depression...

All I am asking is for you to let the Universe, and the Divine decide what is in store for you and your boyfriend...don't try to control it, because you will suffer bad karma.

**QUESTION #3:**

***“Is it possible that there can be bonds between something like Wind or Water – and people? Whenever I get mad or scared the wind picks up and when I am happy the wind makes me feel light as a feather and runs lightly through my hair. I hope that doesn't sound strange, I just thought I'd ask...” – Anonymous***

Well another Anonymous! I didn't know that was such a popular name! ;)

*Here is the short and simple answer...*

**“YES!”**

**There is very strong bond between every single one of us and the Wind, the Water, the Earth, and everything natural that is on this earth...**

It's a funny thing though. We all get wrapped up in our own little worlds, and it is so easy to lose sight of the “big picture” of our big, beautiful world.

There is obviously a strong bond between the wind and you, Anonymous, but I don't think it's in the way that you are thinking...

First understand there are things in the world, and the universe, far bigger than each and every one of us – and bigger than the little worlds we create for ourselves.

**I think (actually I am quite sure) that the *opposite* is happening....** when the wind is soft and light, it's calm and gentle energy makes you feel happy – and even wonderful! And the connection is strong...

On the other hand, when the wind kicks up and gets stronger – your mood changes and you may become angry (sometimes without a reason).

It is important for you to explore ways you can use Magick to use the additional energy that the Wind brings to you, and focus it on the things you want out of life.

I really hope that you find ways to use the wind's powerful energies to help yourself, and others...

That's all I have time for today, and I'm sorry if I rambled and went on tangents, but these questions are all so important, and they each deserve a complete answer... *now consider the advice I give, and make your own decisions...*

**I plan on doing another “Q&A with Rose Ariadne” newsletter over the weekend and sending it to all of you either on Sunday or Monday...**

I also have some more interviews scheduled, so I will send you more interview clips (and corresponding newsletters and quizzes) along with them in the coming weeks.

**The plans for my book release (which you will all get a complimentary copy of), and my life's work (Secret #2 on the blog) is still scheduled for early next week, and I will send you more information on them before the release!**

Today, may you find your place of peace, and stay there awhile...

Love And Light!
