Dear Friend,

Here we are at Day 7. Congratulations for making it this far - **I am proud!** Up to this point we have done a lot of visualizations - and I really hope you have enjoyed them.

[Click here](#) to download this final lesson so that you can have it in a more permanent format...

It is *really* important to practice visualization, and all of the other rituals we have gone through up to this point. They all make up the "core" foundation of Magick energy control. Without paying attention to the things I have taught you in this Mini Course, your spells will lack the same effectiveness - and you won't be in touch with the river of Magick energy running through you (the power that you were *born* with).

So please, make sure to go over the things we've been through together, and continue to improve yourself, and your Magick. And remember to **BELIEVE**.

Now, as a reward, I've prepared a special spell just for you. It's a spell where you actually get to be somewhat creative - and also one that releases Magick energies for a specific goal... *to open the doors of Money and Wealth in your life.*

I know that there are some Witches that feel Money Magick is often times cast for the wrong reasons, and can even be selfish in nature. I assure you, as long as your heart is in the right place, there is nothing wrong with using Magick to make your situation better - **as long as it doesn't hurt anybody else.**

You've worked hard during the past 6 days of lessons, and you've had to learn a lot in a short amount of time. I feel you should be rewarded with a spell for money.

The goal of this spell is to bring you the money that you desire, and as long as you have the **focus, belief, and "let go"** of the spell after it is cast - your desires will come to pass in ways you never dreamed...

Let's get started.

1. You will need very strong belief for this spell (to make sure it works as good as possible) - so it is very important to check your belief level. Look inside yourself, **do you really believe that this Money Magick spell will open doors to wealth and money for you?** No matter your answer, I would do the belief ritual I showed you in Day 1. Throughout the ritual I would change it slightly, and I would specifically work on building your belief in *Money Magick*. I promise, doing this will pay off once you start the Money Spell...

2. Check your Internal Sacred Space - make sure that no negative energy resides within you... if there is, make sure to cleanse out this negative energy (in the form of negative thoughts and emotions) by doing the Internal Sacred Space exercise from Day 2.

3. Cleanse your External Sacred Space - as always make sure the area around your altar is free of clutter. You can also set up your altar now...use the standard items you always use (the God and Goddess candle, and any other sacred items you have used in the past that evoke strong positive emotions in you).

In addition to these items, it will be helpful if you burn some money drawing incense during the spell (like frankincense or sandalwood) - and find a green candle to burn during the spell. (if you are experienced, go ahead and anoint the green candle with money drawing oils)... if you are not familiar with burning incense or anointing candles, don't worry about it. But eventually you will want to become familiar with both of these things.

By the way, I can show you everything you need to know in **[Mastering The Magick of Witchcraft](#)**. In the course, I show you everything from A to Z in simple step by step guides (practically holding you by the hand) – and just wait until you see the secrets in the **[DVDs](#)** I have prepared for you...

You can see what it's all about here...

It's not for everyone, but if you are serious about improving your life dramatically using your Magick energy – you owe it to yourself to see my **[life's work](#)**...

4. You'll also need a green ribbon (any kind of green ribbon will work, even a ribbon used for wrapping presents...). Make sure to place it on your altar as well.

5. Once you have your altar set up as I have instructed, go ahead and cast your Magick Circle as I've shown you earlier in this mini course.
6. Next, light your God and Goddess candle, as well as your green "money drawing" candle.
7. Sit in front of your altar and close your eyes. Visualize your desire... **what exactly do you want?** Before you visualize the amount of money that you want - you need to visualize how your life will be once your Magick has brought your desire.

What will you be doing, where will you be living, where will you be working or going to school? How will things be different? Feel the happiness that waits for you in the future after your Money Magick Spell has brought you the miracle you are looking for. Now... visualize the money coming to you, and making your visualization a reality. Imagine a feeling of "green" wealth pouring into your life - almost like a Magick river of wealth. Feel the happiness that the future holds well up within you...

8. Open your eyes and pick up the green ribbon you laid down. Before you do anything with the ribbon - in your mind I want you to summarize the visualization of what you desire into 2 or 3 short sentences. **For example, "I humbly ask for the money I need to pay my bills. Money that will add comfort and security to my life, so my worries fade away..."**. Your visualization and desire may be different than my example...make sure to be *specific* about your exact desires (but do not ask for a specific amount of money). And if you can, focus more on **"needs"** than on **"wants"** (but of course you can always focus on your wants - just don't expect to get everything you want all the time). Remember the sentences I had you think about, because you will be repeating them **9 times**...

9. Take the green ribbon in your hand, and tie 9 knots along it's length. After each knot recite the 2 or 3 sentences of your specific desire. Each time you recite this, at the end I want you to ad the line "An It Harm None". So, with my example, you would say, **"I humbly ask for the money I need to pay my bills. Money that will add comfort and security to my life, so my worries fade away. An it harm none."** Remember to repeat this after you tie each of the 9 knots along the length of the ribbon.

10. When you are done, you can snuff out the candles and open your circle. Place the ribbon inside of a jewelry box or some other safe place. If you can, place money drawing herbs (like allspice, almond, bayberry, clove, etc.) into the box - and keep it in a safe place.

Now, when you are done, *forget about the spell*. Don't think about it... or constantly wonder "when it's going to work" or "when is the money going to come?". This will ruin the Magick energy you sent out into the cosmos, and it will effect the spell in negative ways. You must "let it go" and have full belief that the Magick will bring you your desire...

That brings us to the end of my 7 Day Magick Mini course. We have covered a lot in a short time, and I want you to know that this is only the "tip top" of the iceberg. The world of Magick is an amazing, wondrous universe filled with mystery, and miracles that will astonish you every single day.
